25X1A9a 1. The Steering Committee for the development of allotment and obligation accounting system for unvouchered funds met with the Task Force [REDACTED] and agreed to the proposal that the staff study to be submitted to the DD/A would include a presentation of the problem and the proposed changes in the Confidential Funds Regulations, but would not include the procedure to be issued to the [REDACTED] offices. It was agreed that this procedure would be issued by the Comptroller based upon the authorities granted him in the Regulations submitted with the staff study. The Committee also reviewed the final draft of the staff study and the attached final drafts of the revised Confidential Funds Regulations, and approved with minor changes.

25X1A9a 2. [REDACTED] Systems Accountant, highly recommended by GAO Systems Division, accepted the position of Chief of the Technical Accounting Staff in the Comptroller's Office of CIA. GAO agreed to [REDACTED]'s release and his papers have been placed in process.

25X1A9a 3. Met with [REDACTED] and Messrs. Herrell and Sullivan of Treasury and accomplished several final details with respect to the activation of the Disbursing Office in CIA, effective 9 June 1952.
